3. How much premium do I have to pay?

The estimated premium that you have to pay is as follows:

Plan	Premium Payable(RM)
Hong Leong One SMART Insurance	

- Premium duration: One time only

Insurance company allocates a portion of the premium to purchase units in the investment-linked funds that you have chosen. Any unallocated amount will be used to pay commissions to agent/staff of bank and other expenses of the insurance company. You are advised to refer to the allocation rates given in the Product Illustration. Charges are not guaranteed and may be revised from time to time.

It is important that you receive and keep the receipt(s) of your payments as proof of payment of premiums.

4. What are the fees and charges I have to pay?

- The insurance charges are deducted monthly from the value of your units. The insurance charges will increase as you grow older. Details of insurance charges and other charges such as fund management fee, administration fee, fund switching fee, policy fee, top up fee and withdrawal fee are given in the Product Illustration.
- The premium and any reinvestment of claims or benefit paid, where applicable, for the provision of policy to business organization shall be subject to 8% Service Tax.

- Importance of disclosure - you must disclose all material facts such as medical condition, and state your age correctly.
- Free-look period - you may cancel your policy by returning the policy within 15 days from the date of delivery of the policy. The insurance company will refund to you the unallocated premiums, the value of units that have been allocated (if any) at unit price at the next valuation date and any insurance charge, policy fee and any applicable tax that have been deducted less any medical fee incurred.
- Account value - the account value of the investment-linked policy depends on the performance of the investment-linked funds selected. The higher the level of insurance coverage selected, the more units will be absorbed to pay for the insurance charges and the fewer units will remain to accumulate account value under your policy.

- You should satisfy yourself that this policy will best serve your needs and that the premium payable under this plan is an amount you can afford.
