Important Note: This product is underwritten by Hong Leong Assurance Berhad, an insurer licensed under the Financial Services Act 2013 and regulated by Bank Negara Malaysia.

1. What is this product about?

- This is an investment-linked plan with premium payment term of five (5) years and policy term of twenty-five (25) years.
- Insurance protection provided is death only.
- To maximise your investment value, your total basic account premium would be apportioned into 30% of basic plan premium and 70% of Regular Top Up Premium (bundled with basic). Your investment value can further be maximised by increasing your Regular Top Up Premium.
- The policy value of this policy vary directly with the performance of the unit funds.

Please Note: Your insurance charges (deducted from the account value) will increase as you get older. In the later years, it is possible that the accumulated account value will not be sufficient to pay for your insurance charges and policy fee due to poor investment returns or withdrawals, which will result in your policy being lapsed. You may need to top up your premium or reduce your withdrawal (if applicable), if you want to continue with your insurance policy.
