What is Solar Plus Loan?

HLB Solar Plus Loan

This facility is granted to you for the purpose of installation of solar panels. This facility is calculated on a variable rate basis and you are offering your property as a security to the Bank. It offers flexibility in repayment and interest savings. Any excess payment received after deducting your instalment and any charges payable, is deemed as an "Advance Payment".

Advance Payment will not be considered as prepayment and thereafter will affect your loan outstanding balance for interest calculation purposes. Interest is calculated on the Eligible Outstanding Balance, which is the difference between the loan outstanding balance (inclusive of charges) ("**Outstanding Balance**") and the Advance Payment or up to 30% of the Outstanding Balance, whichever is lower.

Withdrawals are allowed from excess payment under Advance Payment with written notice.

Know Your Risks

What happen if you fail to pay your monthly instalments?

1. You **pay more in total** due to late payment charges of 1% p.a. on the amount in arrears and compounding of interest (if any).
2. We may **deduct** money from a savings/current account you have with us to set-off your loan balance.
3. We may **foreclose your property** or **take legal action** against you if you fail to respond to reminder notices given by the Bank and you will have to bear all the costs including any shortfall after your property has been sold.
4. Your **credit score** may be affected, leading to credit being more difficult or expensive to you.
5. We may **impose an additional interest rate** on your account if it's considered to be in default.

Your monthly instalment may increase during the tenure of your loan

The SBR may increase due to a rise in the OPR set by Bank Negara Malaysia. An increase in SBR means that you have to pay a **higher monthly instalment**.

Note:

- If you make a loan repayment via a standing instruction, you should change the instalment amount accordingly whenever there is a change to the SBR
- The Bank may change your monthly instalment amount if:
 - your payment does not cover the monthly interest; or
 - the amount you are paying towards the loan principal is less than 10% of your total payment; or
 - whenever a revision of your monthly instalment amount by the Bank or required by you; or
 - the amount you are paying is not able to fully pay off your loan by the maturity date.
