GENERAL INSTRUCTIONS FOR MEDICAL CHECK UP

Kindly find the following general instructions for your reference and further action:

- ❖ Please bring along your ID card or passport for the registration;
 - ❖ Get enough sleep, at least 6 hours prior to the check-up. Lack of sleep may cause abnormal results such as blood pressure, heart beat & body temperature. The physician may not be able to assess if any change is a real abnormality;
 - ❖ Do not eat or drink at least 6 to 8 hours prior to the check-up. Plain water, however may be freely taken to avoid dehydration effects on blood sugar & cholesterol test in the program;
 - ❖ Hypertension medicine can be taken prior to your visit; bring along your other medicine with you.
 - ❖ Urine samples will be collected on the day of examination;
- # For female applicant only: please postpone your medical examination during your menstruation
- ❖ Please wear clothing allowing access to upper arm;
 - ❖ Should you have any chronic illnesses or other health issues, please bring along any test results or medical report with you to assist in diagnosis;
 - ❖ Please refrain from applying any make-up i.e. eye shadow as this will hinder the medical examination.
 - ❖ If you have a pre-existing medical condition, please bring along any test results or reports you have for the doctor to review.

If you are scheduled for a Pap Smear Test:

- ❖ Two days prior to the test date – please avoid douching or using vaginal medication or any form of spermicide, tampons and any vaginal creams unless instructed by a doctor;
- ❖ Please also avoid having any sexual intercourse / copulation; 2 days prior to the test date
- ❖ All the above-mentioned could wash away or conceal abnormal cells which would hinder / obstruct an accurate testing.
